Get Paid To Do Inspections and Generate Leads— at No Cost to You!

Become a GRIP Roof Inspector today. Join our growing team of dedicated and professional Roof Inspectors and get paid to complete roof inspections while building your own business.

What is the Globe Roof Inspection Program (GRIP)?

GRIP provides residential/commercial (generally under 25,000 sq.ft.) roof inspections in both the U.S. and Canada for the insurance industry. Inspections are done through its national network which connects and pays qualified contractors to conduct residential or commercial roof inspections. These unbiased, expert inspections assist property owner's disposition of insurance claims by delivering a project scope of work or estimate for repair in a standardized report format.
