The ONLY Guarantee You Need
To Cover Your Low-Slope And Steep-Slope Roof

gaf.com

Could This Be The Most Unique "NDL" Guarantee In Roofing?

Are you a commercial property owner with a facility that has both a low-slope roof and a steep-slope roof (like a facade with shingles)?

Until now, your only option for getting NDL (no-dollar-limit) guarantee coverage for your low and steep roofs was to get two separate guarantees. But now, GAF, North America's largest roofing manufacturer, offers you another choice: the All-American Pledge™ Roof Guarantee.

The All-American Pledge™ is the only roof guarantee that covers both low- and steep-slope roofing, all in one convenient guarantee. Benefits include:

- **Non-Prorated Coverage For Leaks Caused By Material Defects...** Up to 40* years for your GAF steep-slope roof and up to 35 years for your GAF low-slope roof (depends on products installed).
- **Non-Prorated Coverage For Leaks Caused By Misapplication...** Up to 35 years for your GAF low-slope roofing system and up to 20 years for your GAF steep-slope roof.

- **Professional Inspection...** GAF's professional Field Services Department (not a salesperson) inspects your completed roof.
- **Fewer Hassles...** Only one manufacturer to deal with for your entire roofing project.
- **No Finger Pointing...** One manufacturer means no finger pointing if there were ever to be a problem.
- **Peace Of Mind...** GAF is financially strong and has been in business for over 125 years.

* 40 years maximum (non-prorated for the first 20 years) for structures other than single family detached residences owned by individual(s).

NOTE: See guarantee for complete coverage and restrictions.
