

**GAF**

Tim Botkin
Commercial Maintenance Program Director

APRIL 11th

Topic: “The Nuts and Bolts of Building a Life Cycle Analysis”

TIPS FROM TIM

“**Tips From Tim**” is a monthly webinar series, exclusively available to our GAF Certified Maintenance Professionals (CMPs).

Each month Tim will choose one topic related to maintenance and give an in-depth presentation followed by a Q&A session.

This is a perfect way to get valuable insights and answers to your questions about maintenance from an industry professional.

Two weeks prior to each webinar, you will receive an email invitation containing a link for you to join the presentation.

You can find the schedule anytime on the Certified Contractor Zone (CCZ).
