

Create Estimates in the Office or on the Go with Xactimate®

Xactimate®, from Xactware is the industry's easiest to use and most comprehensive software solution for creating roofing estimates. Using innovative technology, Xactimate™ allows you to create detailed estimates including pricing faster than ever from any desktop or mobile device, guaranteeing that you will never be tied to your office again!

Xactimate allows you to save both time and money by:

- Creating more accurate, detailed, and professional-looking estimates
- Accessing the most up-to-date and reliable pricing information
- Automating and streamlining your estimating processes
- Organizing and managing your roofing projects

Exclusive Benefits for GAF Master Elite™ and Certified™ contractors

Through a special agreement with Xactware, GAF factory–certified contractors can enjoy special negotiated discounts* on Xactware software and licenses including:

- An administrative set up fee of \$159 (required only for the first year of the Xactimate license)
- An Xactmate license fee of \$125 per license/ per month
- A one-year membership to Xactware’s Online Training Center

*Discounted rates apply only if the GAF contractor elects to pay for the software on a payment program. Should the contractor choose to renew their Xactimate license after the initial term under this program, the discounted rates will continue to apply for the next renewal term. Use of Xactware’s licensed products will be governed by an End User License Agreement included electronically or online with the software.
