

Roofers Choice Insurance... It's Your Choice

We have been in business for 36 years, with principals who each have over 30 years of experience in their field of expertise. We have Spanish-speaking staff as well as highly trained commercial and personal line professionals, including employee benefits and HR specialists. We pride ourselves on offering exceptional customer service as well as a unique product offering.

When you partner with Roofers Choice Insurance, rest assured your needs will be met by the owners who have a vested interest in keeping you as a client. Business owners know the value of surrounding themselves with the best minds possible, and that is in fact, what Roofers Choice Insurance offers.

Your One-Stop Shop For:

General Liability

Includes Various Enhancement Options

Workers' Compensation

No deposits required
Claim preparation and filing

Payroll Services

HR & Compliance

Employee Benefits

Including health care reform
consulting services

Available Coverage Enhancements

Waiver of Subrogation

We offer a waiver of subrogation, which is a special type of endorsement that prohibits the insurer from attempting to seek restitution from a third party that causes any kind of loss to the insured.

Stop Gap Employers Liability Endorsement

This coverage is designed to provide employers liability coverage for work-related injuries arising out of incidental operations or exposures in monopolistic fund states (fund workers compensation policies do not provide employers liability coverage).

Per Project Aggregate (\$5M Cap)

Our Commercial General Liability insurance policies all have a limit of liability, which is the most the policy will pay on behalf of its insured. A per project aggregate limit extends the limit to apply separately to each insured construction project. We offer a \$5 million cap on this coverage.

Primary/Noncontributory

When more than one liability insurance policy may respond to a claim on behalf of the insured, the policies will define the order in which each needs to pay claims and defense costs. An insurance policy that states it is both primary and non-contributory is obligated to respond first in the event of a claim. When seeking insurance coverage from another party's insurance policy as an indemnitee in a hold-harmless agreement, it has been common to require the other insurance be both primary and non-contributory.

PEO Benefits

By putting our risk management skills to work over the years, we have been very successful in reducing the overall costs of our workers' compensation program. The goals of using a PEO should be to increase your profits and reduce your exposure to fines, risks and penalties while at the same time providing offerings that attract and keep the best talent for your organization.

Workers' Compensation

- Claims management/fraud investigations
- Monitoring of legislative changes
- Procurement and administration of coverage

Payroll

- Web-based time entry report capability
- Filing, deposits and payments of all federal, state and local taxes
- Processing of W-2, W-3 and other required government forms
- Payroll deductions for insurance plans and wage garnishments

Human Resources / Compliance

- New hire reporting – paperwork and employment forms
- Providing employee handbooks and all required, up-to-date, state and federal labor posters
- Supervisor training in key HR areas
- Unemployment dispute and cost management

“Roofers Choice Insurance has exceeded all the standards we set forth with our members, and I couldn't recommend a better company for your insurance needs.” – Pat Nussbeck, Aspen Contracting Inc.

Other Offerings

Roofers Choice Insurance also offers a number of additional offerings to better suit your needs.

- EPLI – to protect against employment-related issues such as discrimination, wrongful termination, sexual harassment, etc.
- Automobile
- Contractors Pollution – to protect against pollution conditions caused by covered operations
- Inland Marine
- Umbrella – excess liability insurance
- Commercial Crime Coverage
