

GAF Master Elite and Master Select Roofing contractors are signing up to be a part of Strategic Response Partners highly successful “Rapid Response Contractor Program”. GAF Contractors are already pre-qualified as part of the GAF program and can have the opportunity to be referred into large commercial, industrial, multifamily and residential roof projects, including being called out on an emergency service basis to install roof tarps, shrinkwrap, perform temporary repairs while being introduced directly to the client as the preferred vendor for Strategic Response Partners. This creates an opportunity for the roofer to get the turnkey insurance and non-insurance related projects.

This is the reason GAF has selected Strategic Response Partners to provide leads and train their contractor network on how to secure roof contracts as part of the disaster preparedness programs offered by SRP and how to be insure they are the chosen contractor alongside on all disaster related situations.

Strategic Response Partners has the largest network of disaster response coordinators, emergency service mitigation contractors, roofing and structural engineers, forensic weather consultants and senior level insurance estimators available throughout the country to assist consumers and contractors in getting what they are owed when faced with a disaster related insurance claim. No other firm will work harder, smarter, and/or faster in responding to mitigate the damage and maximize the recovery process then the team at Strategic Response Partners.

You owe it to yourself to sign up now with Strategic Response Partners highly successful “Contractor Referral Program”.
